

docuteam webgate

Accessing archives through printed finding aids no longer meets all of the users' needs. Especially when accessing and searching for records via archive catalogue, printed directories are limited. This is where docuteam uses **webgate**, offering users an online-version of their archive catalogues. This allows a flexible use of readily available information, regardless of location.

Access

Docuteam webgate can be accessed via <http://webgate.docuteam.ch> and is available in three languages: [Français](#), [English](#), [Deutsch](#).

Registration/Authorisation

Upon completion of the project you will receive an email with an invitation for registration, allowing you to set a password for your webgate access. The password is personal, disclosing it to third parties is your own responsibility.

You can now log into webgate with your email address and your newly created password:

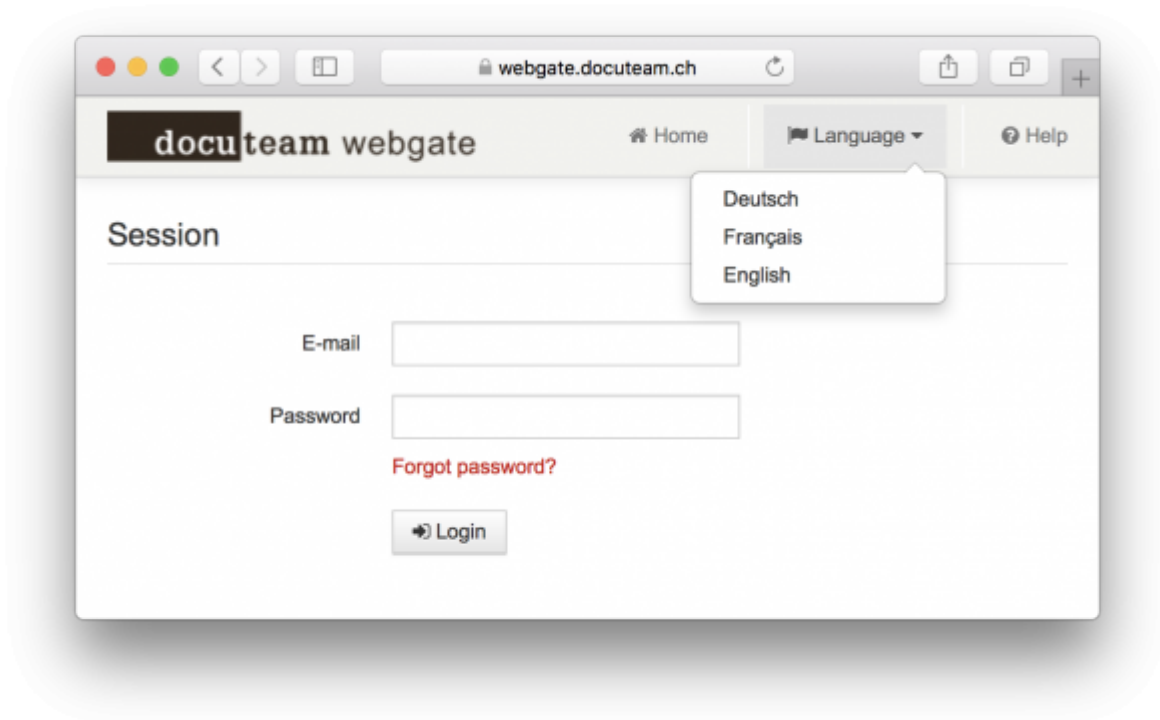

The image shows a screenshot of a web browser window displaying the login page for 'docuteam webgate'. The browser's address bar shows 'webgate.docuteam.ch'. The page has a navigation bar with 'Home', 'Language', and 'Help' links. Below the navigation bar, the page is titled 'Session'. There are two input fields: 'E-mail' and 'Password'. Below the 'Password' field, there is a red link that says 'Forgot password?'. At the bottom of the form, there is a 'Login' button with a right-pointing arrow icon.

Features

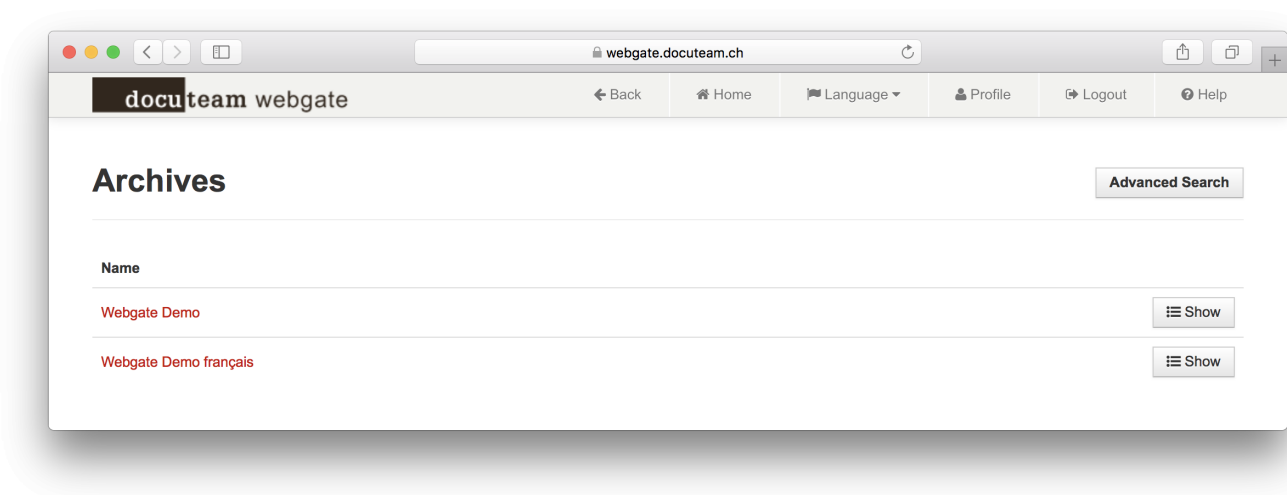

Language

Choose your preferred language via toolbar:

Overview

The main page shows a list of archives available to you:

- The button “back” in the toolbar has the same function as the one in your browser, which is necessary for certain tablet-displays.
- The button “main page” will return you from any page back to this overview.

Specific archives

By either selecting the name of an archive or clicking on the button “display” you can access the catalogue of a specific archive:

The screenshot shows a web browser window with the URL webgate.docuteam.ch. The page displays the archive structure on the left and details for the selected entry 'D Bestand mit digitalen Objekten' on the right.

Archive Structure (Left):

- Gemeindearchiv xy (1552-2012)
 - D Bestand mit digitalen Objekten** (2)
 - DA bilder (2)
 - DB multimedia (2)
 - DC pdfs (2)

Details (Right):

D Bestand mit digitalen Objekten

1. Identity

1.1 Reference Code	D
1.2 Title	Bestand mit digitalen Objekten
1.4 Level of Description	Bestand

7: Control

7.1 Archivist	Andreas Nef
7.3 Date of Description	18.05.2015

Digital Objects

	
DA.A.1 1020 KB	DA.A.2 1 MB

If you have access to one archive only, its catalogue will be displayed to you directly.

Archive structure / tectonic structure

The tree structure on the left-hand side shows you:

1. The current entry with a dark grey background
2. Its direct sub-entries, indented with a white background
 1. The number behind a sub-entry shows you how many sub-entries that particular entry contains.
3. The entire (superordinate) hierarchy with a light grey background

Details

Details on the current entry are displayed on the right-hand side:

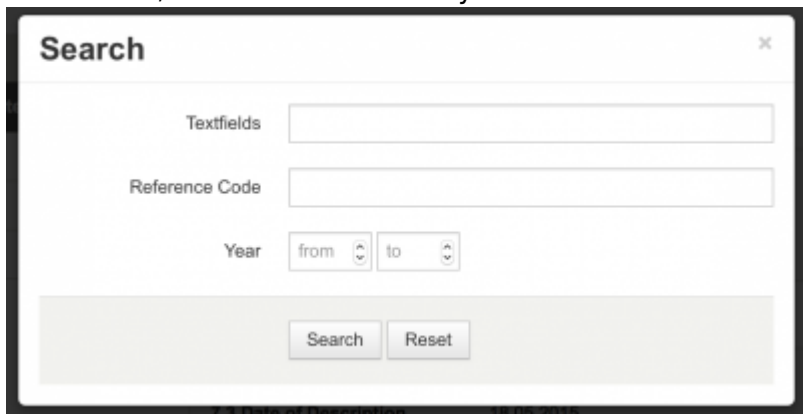

1. By default, the first group of metadata fields (compulsory ISAD(G) fields) can be viewed and read directly
 1. Information on possible locations can also be found here
2. Additional metadata groups according to ISAD(G) are shown, if further data is available

Search

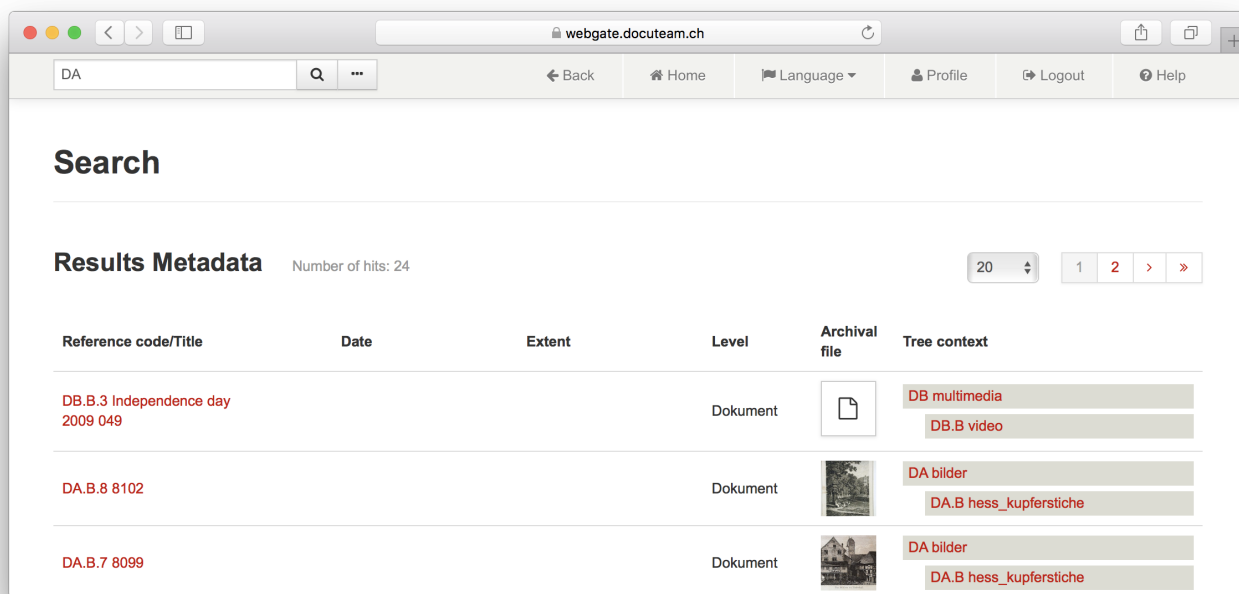

You can start a search request using the search box in the upper left corner of the toolbar:

The detailed search can be accessed by clicking the button with the three dots. In addition, the fields "textfields", "reference code" or "year" can be searched.

The results are displayed according to the tectonic structure of the archive. The column "context" shows the first two superior levels of a particular entry.

A wildcard search (truncation, placeholder) is possible using '%'
